C'MON GET HAPPY

Around Dansko I'm the Big Picture person. Asking Big Questions... Like.... Why are we here? What inspires us?

I'm here, because being here makes me happy.

To put a finer point on it, making other people happy makes me happy. That's it... for me; that's my driver. And it's where our mission comes from: "We want to be your favorite company."

I have to admit, I was a bit embarrassed saying this out loud the first time. And then putting it in writing as our corporate mission!

Sounds a little naïve, doesn't it?

And sometimes I even wonder if we should have outgrown this mission by now, to... change the world or something? But I still come back to it: We want to be your favorite. The best shoes you ever wore.

We want to make you happy. That's what inspires us. **All of us.**

Mandy

The Dansko team

Throughout this book you'll find a dozen more places we seek inspiration—from nature to our families to gorgeous shoes. Hopefully one of them will inspire you or at least make you happy. Enjoy.

WHAT
INSPIRES
US?

Ann Dittrich
Dansko Creative Director

For Spring 2011 we looked for a style aesthetic that combines the comfort that is inherent in all Dansko shoes with a strong sense of individual style. The Dansko consumer wants to make a fashion statement but won't sacrifice comfort to do it. Our consumer is unique, independent and charismatic, and we're delivering shoes that will stand up to her personality.

WHAT INSPIRES YOU?

I am inspired by the small house movement. They are folks who are reducing their carbon footprint by living in compact spaces. I've been reducing the amount of "stuff" I've acquired over the years in order to downsize into my Tumbleweed Tiny (140 sq. ft.!!) house. Totally mobile, completely off the grid... to be pulled by my custom carbon neutral, bio-diesel, suburban "Grease" car.

*** SAY HELLO TO SANIBEL**
Don't let its fun personality fool you, the Sanibel collection features top quality construction and performance features that deliver serious Danskø comfort.

WHAT INSPIRES YOU?

It's kind of two-fold... Because my beautiful wife Tanya inspires me in general, she opened my eyes to how I can help others through Canine Partners for Life. Canine Partners is a great organization that trains and places service dogs with physically disabled individuals to help increase their independence and quality of life. This organization is a huge part of our lives. Seeing how much joy and freedom these dogs bring to their new owners keeps me going even when it seems the commitment is just too great.

**WHAT
INSPIRES
YOU?**

Music inspires us. It is one of those intangible things that can change how people feel and act. Creating music in front of an audience gives us a feeling that cannot be duplicated. Watching people dance and have fun inspires and motivates us as musicians. Taking inspiration from great artists of the past, we try to create new and interesting music to be enjoyed by the masses.

WHAT INSPIRES YOU?

My mom inspires me.

As a single mom, she worked multiple jobs with two kids and was still somehow able to raise us with strong values, common courtesy and the importance of good work ethic. She is a rock whenever anyone needs her and always puts others needs ahead of her own.

WHAT INSPIRES YOU?

My sons are my inspiration.

Every day I get to see new things that the boys have learned and how they are growing into young men facing the influences of the world. My boys inspire me to be the best overall person I can be and because of them I've learned to smile brighter and bigger every day. My biggest job in life, along with my husband, is to be a positive influence on our boys so that they can do the same when they go out in the world.

PETER'S CORNER

It's easy for companies to claim they're committed to sustainable business practices. But how do you know you're really as good as you think you are? At Dansko, we're big believers in transparency and in third party reality checks, measuring our business practices, product attributes, environmental impact, even community outreach against standards developed by folks who really understand these things. B Corp does this -- not only for Dansko, but also for the rapidly growing community of more than 360 businesses that put their money where their mouths are. B Corp provides the standards, a legal framework, and a collective voice to an emerging sector of private businesses looking to provide real public benefit, both socially and environmentally.
