

SPRING 12

FOOTWEAR
LOOK BOOK

"Be bold!
Saturated color,
cheerful prints, and
unexpected materials
energize Dansko's spring

2012 line. A new optimism runs throughout
the collections, with clean, strong shapes
and easy, uncomplicated styling to
complement today's active lifestyle."

Ann Dittrich

TECH FEATURES

STAPLED CLOG COLLECTION

1. Upper - Highest quality leathers

Designs follow the natural contours of the foot. Instep collar is generously padded. Upper designs accommodate most foot types.

2. Toe Box - Thermoplastic

Sturdy reinforcement adds durability and toe protection. Allows toes to move comfortably.

3. Heel Counter - TPU (Thermoplastic urethane)

Acts as a natural shoehorn. Allows heel to move up and down when walking. Provides lateral stability.

4. Heel Cup

The drop-in cavity cradles your heel and prevents it from sliding sideways in the shoe.

5. Socklining - Leather Socklining

Anti-microbial

6. Footbed - Breathable open-cell PU foam

Absorbs and evaporates perspiration.

7. Inner Frame - Polypropylene

Provides stability, reduces torque and provides lateral stability.

8. Outsole - Polyurethane

Rocker-bottom sole propels foot forward when walking. Wider heel for greater stability. Improved compound for shock absorption equal to athletic shoes.

SAUSALITO COLLECTION

HEEL HEIGHT 2"

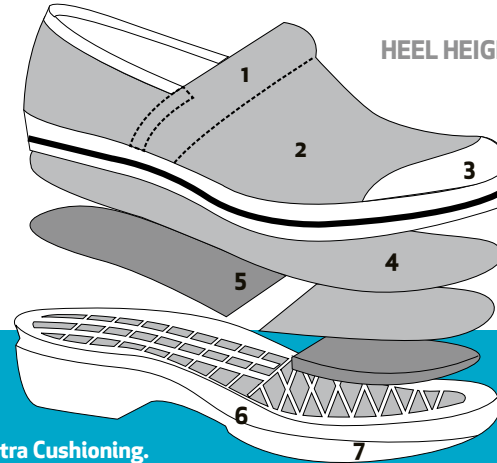

- 1. Upper - Highest quality leathers**
Features a variety of uppers to accommodate many foot types.
- 2. Socklining - Leather**
Wicks away moisture.
- 3. Footbed - Latex rubber**
Provides shock absorption and comfort.
- 4. Outsole - Polyurethane outsole with EVA insert**
Provides shock absorption, flexibility and energy return. Steel shank built in for additional support.

SANIBEL COLLECTION

HEEL HEIGHT 1 1/4"

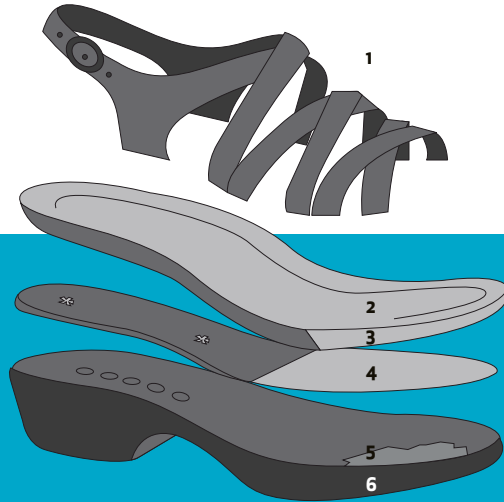

- 1. Instep - Extra Cushioning.**
An absorbent layer adds cushioning.
- 2. Upper - Highest quality materials**
Features leathers and vegan materials.
- 3. Toe guard - Hard wearing**
Rubber toe guard protects the front of the shoe for long lasting, durable wear.
- 4. Removable Footbed - Provides full foot support**
Specially designed contoured footbed supports the entire foot for serious all day comfort. Removable footbed accommodates orthotics.
- 5. Tuckboard - Lightweight Construction**
Constructed with a molded polypropylene tuckboard, these shoes offer greater support with less weight.
- 6. Slip resistant rubber outsole**
Rubber Slip resistant outsole is certified by international industry leader SATRA for meeting MARK II/ASTM standards for slip resistance (industry speak for you're not going anywhere)
- 7. Signature Rocker Bottom - All day comfort**
The Dansko rocker bottom combined with a contoured footbed provides an energy return that reduces impact on the body, improves posture and promotes better body mechanics when walking.

CARMEL COLLECTION

HEEL HEIGHT 1 1/2"

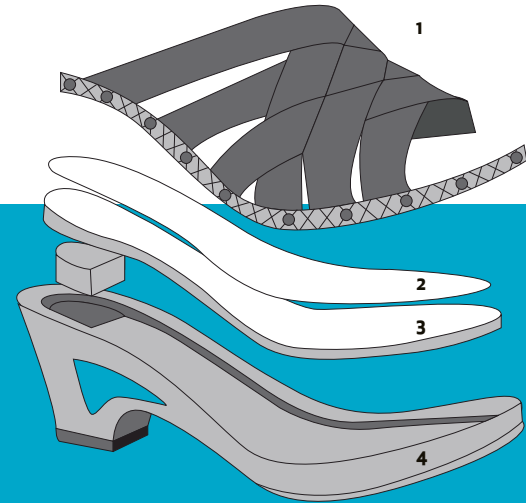

- 1. Highest Quality Leather Uppers**
Features a variety of upper materials to accommodate many foot types
- 2. Leather socklining**
Wicks away moisture.
- 3. Dual-density EVA footbed**
Molded to better support the foot.
- 4. Tuckboard with riveted shank**
Gives the shoe stability, control and additional support.
- 5. Recycled polyurethane insert**
Provides cushioning.
- 6. Dual-density polyurethane outsole**
Provides shock absorption, flexibility and energy return while coring holes reduce weight.

MIRABEL COLLECTION

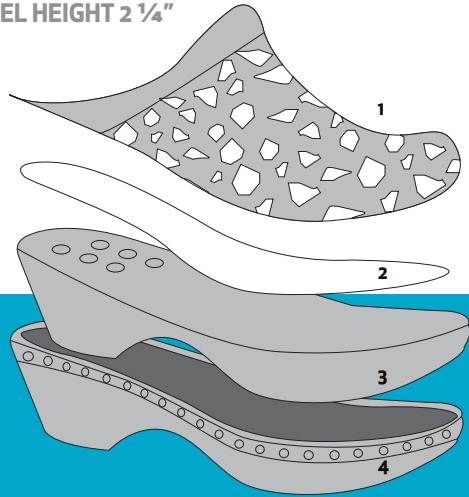

HEEL HEIGHT 2 3/4"

- 1. Highest Quality Leather Uppers**
Made exclusively from rich veg leathers.
- 2. Microfiber suede socklining**
Wicks away moisture.
- 3. Dual-density EVA footbed**
Molded to better support the foot.
- 4. TSR outsole with EVA insert**
Provides shock absorption, flexibility and energy return.

AVALON COLLECTION

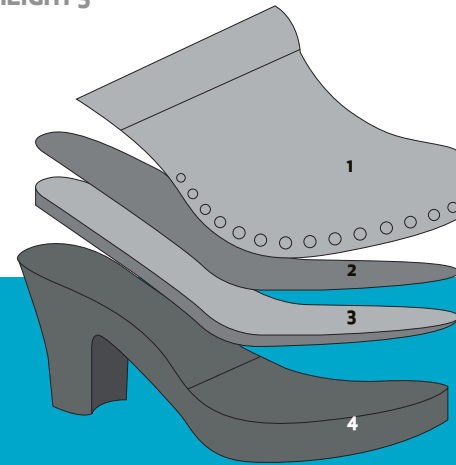

HEEL HEIGHT 2 1/4"

- 1. Vinyl elastomer upper**
Punched upper design provides exceptional breathability
- 2. Blown EVA footbed**
Molded to better support the foot.
- 3. Polyurethane insert**
Provides shock absorption, flexibility and energy return
- 4. Molded tread design**
Gives the shoe added traction

RIO COLLECTION

HEEL HEIGHT 3"

- 1. Upper - Highest quality leathers**
Features a variety of upper materials to accommodate many foot types and wearing occasions.
- 2. Socklining - Leather**
Wicks away moisture.
- 3. Footbed - Dual density EVA**
Molded to better support the foot.
- 4. Outsole - Wood or molded**
Provides additional comfort and flexibility.
